MASTERS OF ART NOUVEAU

The most prominent representative of secession,  
the leader of Viennese Modernism.

At the age of nearly 35 years Klimt is the head of the Vienna Secession (Art Nouveau Artists Association), and his work is blooming. Paints enjoying artistic recognition, which transforms into fame and financial success. Klimt was one of the most expensive European portrait painters of his time. Group of secessionists from Vienna arranges exhibitions of high importance, accompanied by numerous scandals. About Gustav Klimt, who was never married and lived with his mother until her death, circled countless rumors, regarding his numerous love affairs with models and clients. He had supposedly 14 illegitimate children. When in Klimt paintings begins to dominate

ornamentation and generously applied gold, it starts in his creation time called "golden period", crowned by completion of "The Kiss" in 1908. This unique and globally recognized masterpiece "The Kiss" became after time one of the most famous works in the history of art and a true icon of Secession. Similar importance for the global art market has a portrait "Adele Bloch-Bauer I," called "Golden Adela", which is now one of the most expensive painting in the world.
